OSRAP MEMORANDUM 03-37

TO: All Non-ISIS State Agencies, Elected Officials, Office of Risk

Management, and Office of Group Benefits

FROM: F. Howard Karlton, CPA, CGFM

Director

SUBJECT: Instructions for Preparation of Annual Fiscal Report (AFR)

Enclosed are the instructions and forms necessary for the completion of your reporting entity's Annual Fiscal Report for the period ending June 30, 2003. This packet differs from that sent to most ISIS agencies due to your status as either Non-ISIS agency, elected official, Office of Risk Management, or Office of Group Benefits. For those ISIS elected officials (Insurance, Elections, State Treasurer, Public Service Commission, Agriculture, Secretary of State, Attorney General, and Lieutenant Governor), you will need to complete Schedules 5 and 2. These schedules will aid ISIS in completing your statements. The Schedule 5 must be in this office by July 17, 2003, and the Schedule 2 must be in this office by August 1, 2003.

OSRAP will, again, prepare all of the depreciation schedules for movable property and buildings.

You are not required to submit copies of system reports with your AFR which include the appropriation reports, agency trial balances, and copies of any ad hoc reports, etc.

ISIS-prepared AFRs may be obtained from BUNDL immediately after the close of the thirteenth period. As in the past, changes made to the schedules should be made on the original. Any adjustments needed on the statements should be made in Column II on both Statements A and B. Column III on both statements will be the sum of Columns I and II and represents Column I restated. *Column III must be filled in whether you post adjustments in Column II or not*. Expenditures will continue to be reported by program. Therefore, the payroll accrual which will be reported on Statement B will have to be separated by program. Schedule 14 is used for the GASB 34 revenue accruals. Beginning this year, Schedule 15, Comparison Figures, is included to assist OSRAP in determining the reasons for changes in financial position for the state.

Memorandum OSRAP 03-37 June 12, 2003 Page 2

Information from Schedules 6, and 6-1 will be added by each agency in the appropriate columns on Statements A and B. Schedule 6-1 is for Escrow Fund only.

Each agency has the option of making changes and additions on the original statement produced by ISIS or retyping the Statements. Please try to use the original statements or schedules and insert the adjustments in column II. <u>If you retype any system-generated lead schedules or statements, please include the original of that report with your pencil changes in the packet you submit to OSRAP</u>. Furthermore, the forms sent to this office should not be reduced on a copier.

As in the past, agencies should consider materiality before making adjustments to ISIS-generated statements and schedules. Remember your agency reports are intended "to present fairly, in all <u>material</u> respects, the financial operations" of your agency. In this regard, the following table will be the basis of determining materiality and will assist you in your decision of adjusting the system reports or submitting them unchanged. If your aggregate adjustments are \$100,000 or more, <u>we ask that you adjust the lead statements or schedules regardless of the conclusions drawn from the materiality table.</u> Additionally, in deciding if adjustments should be made, you should use the aggregate amount of all adjustments. For example, if you have \$300,000 in expenditures with five adjustments totaling \$15,000 or more, you should take the adjustment. Each adjustment <u>does not stand on its own</u>. Materiality under the sliding scale method may be determined by multiplying the appropriate factor below by total revenues or expenditures. Using the table, apply the corresponding factor, interpolating as necessary between two factors.

Revenues/E	<u>Factor</u>	
\$	300,000	.050
	1,000,000	.017
	5,000,000	.015
	10,000,000	.012
	50,000,000	.008
	100,000,000	.007
1,	000,000,000	.005

Materiality factors are designed as an aid in completing this AFR. To ensure that the materiality tables shown above are not impacting the state's CAFR adversely, keep a record of all the differences you discover and do not reflect on your financial statements. This list must be forwarded with the AFR packet to both the Legislative Auditors and to this office.

You will note this year we are again requesting that the Schedule 5 (Prior Year Appropriation Disposition Report) be forwarded to this office under separate cover by

Memorandum OSRAP 03-37 June 12, 2003 Page 3

<u>July 17, 2003</u>. This report to shows only the "Surplus and Other Adjustments" associated with each agency. If your agency had any adjustments to prior year accounts receivable or accounts payable, note the change(s) on the schedule with a complete explanation.

Additionally, you are requested <u>not to round all financial data presentations to the nearest dollar</u>. In preparing the "lead" statements under ISIS, we will be using dollars and cents. We found that rounding on the various statements and schedules caused some variances in fund balances and column totals. To avoid this, we have expressed all amounts to the penny.

The forms and instructions are designed to meet the general needs of most reporting units; however, this should not preclude adaptations (after approval from this office) for units having unique reporting situations.

The completed packet should include the following statements and schedules:

A. Statements

- 1. <u>Statement A</u> (Combined Balance Sheet All Appropriated and Non-Appropriated Funds)
- 2. <u>Statement B</u> (Combined Statement of Revenues, Expenditures and Changes in Fund Balances Appropriated and Non-Appropriated Other Funds)

B. Schedules

- 1. <u>Schedule 1</u> (General Operating Appropriation Funds, Schedule of Revenues and Expenditures Budgetary Comparison, Current Year Appropriation Budget Legal Basis)
- 2. <u>Schedule 2</u> (Off-System Balances)-Due in this office by **August 1**, **2003**
- 3. <u>Schedule 3</u> (Schedule of Appropriated Revenue by Type General Operating Appropriation Funds)
- 4. <u>Schedule 4</u> (Schedule of Non-Appropriated Major State Revenue and Income Not Available)
- 5. <u>Schedule 5</u> (Prior Year Appropriation Disposition Report General Appropriation Funds) Due in this office by **July 17**, **2003**.
- 6. <u>Schedule 6</u> (Schedule of Revenues, Expenditures and Changes in Fund Balance Non-Appropriated Other Funds)
- 7. <u>Schedule 6-1</u> (Schedule of Revenues, Expenditures, and Changes in Fund Balance Escrow Fund)
- 8. Schedule 8 (Schedule of Federal Financial Assistance)
- 9. Schedule 13 (Schedule of Interagency Receipts)
- 10. <u>Schedule 14</u> (GASB 34 revenue accruals)
- 11. <u>Schedule 15</u> (Comparison Figures)
- 12. Notes to the Financial Statement

Memorandum OSRAP 03-37 June 12, 2003 Page 4

The following deadlines must be adhered to:

July 17, 2003 - Completed Schedule 5 submitted to OSRAP August 1, 2003 - Completed Schedule 2 submitted to OSRAP August 29, 2003 - Original, notarized AFR packet to OSRAP

The deadline for the AFR packet has been moved forward to August 29, 2003. We realize this will place an additional burden on the agencies but the change was made to accelerate the publishing of the Louisiana CAFR. Your cooperation in this matter will be appreciated.

This format is available as a Word document. At your request, we will email the format to you or, if you prefer, send it to you on diskette. If you want to use a diskette, please send a blank, formatted diskette to OSRAP and we will copy this document and return to you.

A copy of the Annual Report must be forwarded under separate cover, with an original, signed affidavit, to the Legislative Auditor's Office, (Post Office Box 94397, Baton Rouge, LA 70804-9397) as they will not send out separate affidavit forms. Please be certain that copies of all statements and schedules are included. Also, an original affidavit must be sent to the Office of Statewide Reporting and Accounting Policy. These must both be original documents which have been signed and notarized. Do not staple the reports, use a binder clip.

If you should have any questions concerning the above, you may contact the Office of Statewide Reporting and Accounting Policy analyst assigned to your agency per the following list.

PROCEDURES: Schedule 5

DUE IN THIS OFFICE BY JULY 17, 2003

Schedule 5 is a summarization of adjustments to prior year fund balance for general fund appropriation activities.

Section A) Surplus and Other Adjustments:

- Line 1. Surplus Remitted to General Fund Enter the total amount of surplus remitted to the State Treasurer between 08/15/02 and 06/30/03 which pertained to fiscal year 2001-2002 in Column III. (This includes self-generated and interagency surplus). Prepare a recap to show total remittance for each Means of Financing at the bottom of Schedule 5. Appropriations remaining in the means of financing at 8/14 which are not carried forward should be included in this total. Please list the document numbers used to remit the surplus.
- Line 2. <u>Surplus Funds Remitted To Federal Government</u> Enter the total amount of funds remitted to the Federal Government between 08/15/02 and 06/30/03 which pertained to revenue collected in Fiscal Year 2001-2002 in Column III. **Please list the document numbers used to remit the surplus.**
- Line 3. <u>Surplus Remitted to Other Funds</u> List any amounts which were returned to the originating funding source that were reductions of revenue.
- Line 4. Expenditure Adjustment Enter as a negative the total of those invoices received for goods and services rendered on or before June 30,2002, and paid with FY 2003 appropriation. This should equal Ad Hoc Run 4G03. However, if inaccuracies in the report exceeded the materiality factors as shown on page 2 of the memorandum, you may adjust the report and use the adjusted amount on line 4 in place of the original report total.
- Line 5. Other Enter any other adjustment activity not previously covered (List by item). This will include any adjustment to the fund balance by the Legislative Auditor. In Column III post the net difference between the Legislative Auditor's amount and the 2001-2002 AFR that you prepared.
- Line 6. <u>Deferred Revenue</u> Enter in Column I the amount established from Schedule A, line 34 of your 2002 AFR. The amount classified as earned during the year would be shown in Column II and the difference in Column III.

Line 7 Cash Basis Accounts Receivable Adjustment

a. In Column I, enter the cash basis accrual accounts receivable established on your 2001-2002 Annual Fiscal Report, Schedule 3-1, Column IV, line 6.

SECTION: Instructions for Preparation of Annual Fiscal Report Page 3

UNIT TYPE: Elected Officials Agencies, ONLY

PROCEDURES: Schedule 5 (Continued)

b. <u>In Column II enter the same amount as Column I.</u>

c. In Column III, enter the difference between Columns I and II. Generally, this column should be zero.

Line 8. <u>Cash Basis Expenditure Adjustment</u> - Enter in Column III the difference between what was established last year and the amount actually expensed.

Line 9. <u>Total Adjustments to Prior Year</u> - represents total of lines 1 through 8.

Prepare the reconciliation at the bottom of Schedule 5 to ensure that the total adjustments to prior year are correct. This must equal your fiscal year 2001-2002 ending fund balance from Statement B, line 20, Column III.

Another copy of this reconciliation is on page 19 of this packet.

DUE IN THIS OFFICE BY AUGUST 1, 2003

Page 4

Schedule 2 was designed to provide the information necessary to complete Statements A and B through ISIS and provide your agency with an automated balance sheet and income statement. You will be asked to include those accounts that must be added to ISIS accounts to manually prepare Statements A and B. The information provided on this document will then be transferred to an ISIS journal voucher prepared by OSRAP and entered into the system so that automated statements can be created.

- ? The column titled Agency refers to your three-digit ISIS agency number.
- ? The column titled Organization refers to the four-digit ISIS organization number. Remember this column will not be applicable if a balance sheet account is used.
- ? Account numbers are provided for the balance sheet accounts. The revenues and expenditures accounts must be valid sources in ISIS.
- ? Finally, the amounts to be debited and credited must be entered.

The process of completing this schedule will replace many of the adjustments that are necessary to complete Statements A and B. The same care and diligence should be used.

Because this effort will be combining system information with off-system information, it was necessary to create a balance sheet account entitled "CAFR Adjustment Account." Its sole purpose is to offset those entries for which there are no system offsets. For example, the debit to establish the asset, inventory, is offset with a credit to reserve for inventory. The entries for petty cash will also balance. However, the debit or credit to inventory increase/decrease has no offset. The same is true for the payroll accruals, Schedule 3-1 adjustments, and Schedule 5 adjustment. Therefore, there will be just one entry to Account 6693, CAFR Adjustment Account - the balancing entry for the schedule.

- 1. 2003 Schedule 5 adjustment this is the same amount that is shown on the schedule 5. If it is positive, it should be a credit, and if negative, a debit.
- 2. 2002 and 2003 Payroll Accruals (by programs)- should equal the amounts on Note R, columns I and II line 3 by programs. List each program separately on an attachment, if necessary. The 2002 accruals will be a credit and the 2003 accruals will be a debit.
- 3. Payroll Payable the amount of the 2002-2003 payroll accrual which is the same as on Note R column II line 3. This will be a credit.
- 4. 2002 and 2003 Federal Payroll Revenue these amounts will be the same as Note R columns I and II line 4. The 2002 receivable will be a **debit** and the 2003 receivable will be a **credit**.

SECTION: Instruction for Preparation of Annual Fiscal Report

UNIT TYPE: Elected Officials Agencies ONLY

PROCEDURES: Schedule 2

5. Petty Cash in Bank, Petty Cash on Hand and Petty Cash Receivable - these three debits should equal the total petty cash assigned to your agency. The off-setting credit for this will be the Petty Cash-Advance from STO.

Page 5

- 6. Inventory of Materials and Supplies the total dollar amount of materials and supplies on hand at 6/30/03. This is a debit.
- 7. Increase (Decrease) Reserve for Inventory the difference of reported inventory between June 30, 2002, and June 30, 2003. If your inventory at 6/30/03 is lower than at 6/30/02, you will enter a debit; if 6/30/03 inventory is higher than 6/30/02, you will enter a credit.
- 8. Beginning Fund Balance should be the ending fund balance amount shown or as adjusted on the 2002 Statement B Line 20. This may be a debit or credit.
- 9. Reserved for Inventory contra to Inventory of Materials and Supplies. This is a credit.
- 10. CAFR Adjustment Account this line is used to balance this report. The debits and credits must equal in order to process the J1.

NOTE:

The J1's that will be prepared from this schedule will not be entered into ISIS until the fourteenth period. They will be automatically reversed at a later date. Until that reversal takes place, your 2003 appropriations will be affected. After these amounts have been reversed, your appropriations, balance sheet accounts, revenues, and expenditures will be exactly as they appeared after close of the thirteenth period.

SECTION: Instructions for Preparation of Annual Fiscal Report PUNIT TYPE: All Non-ISIS State Agencies, Elected Officials, ORM, OGB

PROCEDURES: Schedule 3

Schedule 3 is a presentation of <u>Revenue</u> activity for the agency appropriation (general & auxiliary) activities. It is generally intended to reflect activities of ISIS and as such is normally a presentation of financial data on a legal budgetary basis. Non revenue items (i.e. T100, T110, T120, T130, T150, T170, T180, T190, T195, T200, T210, T220, T300, T310, T340, T350, T360, T370, T375) <u>are not shown on this schedule</u>. Agencies on central cash management will receive a "lead" Schedule 3. The information on the schedule, as mentioned in the cover letter, is derived from data in ISIS. <u>DO NOT RETYPE THIS LEAD SCHEDULE</u>. Should you have adjustments, make pencil corrections on the lead schedule in Column VII and return it to this office with your packet. <u>Remember adjustments less than those established using the materiality factors shown in the cover letter should not be made</u>. Those agencies not on central cash management may obtain Schedule 3 information from agency manual financial ledgers. The following is the method used in preparing the lead schedules:

- 1. Enter the three digit ISIS Means of Financing Appropriation Number associated with the detail appropriated fund source in Column I.
- 2. In Column II enter the four digit ISIS revenue source code for revenue collections in that appropriated fund source.
- 3. In Column III enter by ISIS revenue source code the total cash receipts received and classified through June 30, 2003, from the June 30, 2003, Appropriation Report (2G15) or Organization Responsibility Report (2G00). Do not include non-revenue items listed above.
- 4. Under Column IV enter by ISIS revenue source code the total cash receipts on deposit with the State Treasury and not classified as of June 30, 2003, (assumes classification subsequent to June 30, 2003). Refer to ISIS report 5G25 Prior Year Classification of Deposits on File as of 6/30/03 Report to obtain listing of unclassified receipts and to your July/August monthly transaction listings to determine subsequent classification type.
- 5. Column V is the total of Columns III and IV.
- 6. In Column VI enter by ISIS revenue source code the accounts receivable which were collected and classified between 7/1/03 and 8/14/03 for the reported fiscal year within those appropriated sources which were not included in either Column III or IV.
- 7. Agencies on central cash management would record <u>material modified accrual</u> adjustments to ISIS information in Column VII.
- 8. Column VIII "Total Revenue" is the total of Columns V, VI and VII. If classifications have been accomplished in accordance with established time frames, this amount should agree with the August 14, 2003 Appropriation Report (2G15) or Organization Responsibility (2G00) for fiscal year 2002-2003 except for adjustments in Column VII.

<u>NOTE</u>: <u>The Total Revenue figure may include revenue in excess of budget</u>. Direct General Fund Appropriation and Interim Emergency Board activity are <u>not</u> included on this schedule.

Page 6

SECTION: Instructions for Preparation of Annual Fiscal Report
UNIT TYPE: All Non-ISIS State Agencies, Elected Officials, ORM, OGB

PROCEDURES: Schedule 4

Schedule 4 is a presentation of non-appropriated (INA, major state and other non-appropriated) revenue activity occurring within the agency unit that is not available to finance operations, and as such is normally a presentation of financial data on a legal budgetary basis which is normally equivalent to a modified accrual basis. Like Schedule 3, agencies on central cash management will receive a "lead" Schedule 4. <u>DO NOT RETYPE THIS LEAD SCHEDULE.</u> If you have adjustments, make pencil corrections on the lead schedule in Column VIII and return it to this office with your packet. <u>Those agencies</u> not on central cash management may obtain <u>Schedule 4 information from agency manual financial ledgers</u>. The following is the method used in preparing the "lead" schedules:

Page 7

- 1. In Column I enter the three-digit ISIS Appropriation Number and title associated with the Non-Appropriated Fund Source. (Income not available will <u>not</u> have a separate agency appropriation number. This number will be XB2.)
- 2. In Column II enter the four-digit ISIS revenue collection center organization number for the revenue source being reported.
- 3. In Column III enter the four digit ISIS revenue source code.
- 4. In Column IV enter by ISIS revenue object code the total cash receipts classified through June 30, 2003, received in that collection center from the related ISIS Organization Responsibility Report (2G00). Do not include non revenue accounts (i.e. T100, T110, T120, T130, T150, T170, T180, T190, T195, T200, T210, T220, T300, T310, T340, T350, T360, T370 and T375).
- 5. In Column V enter by ISIS revenue source code the total cash receipts on deposit with the State Treasurer but not classified as of June 30, 2003, which were classified subsequent to June 30, 2003, and prior to August 14, 2003. Refer to 5G25 Prior Year Classification of Deposits on File as of 6/30/03 to obtain listing of unclassified receipts and to your monthly transaction listing to determine subsequent classification.
- 6. Column VI is the total of Column IV and V.
- 7. In Column VII enter by ISIS revenue source code the accounts receivable which were collected and classified between 7/1/03 and 8/14/03 for the reported fiscal year which were not included in either Column IV or V.
- 8. Agencies on central cash management would record <u>material</u> (see definition on preceding pages) adjustments to ISIS information in Column VIII.
- 9. Column IX "Total Revenue" is the total of Columns VI, VII, and VIII. If classifications have been accomplished in accordance with established time frames, this amount should agree with the August 14, 2003 Organization Responsibility Report (2G00) for fiscal year 2002-03 except for any adjustments in Column VIII.

NOTE: Please note that Schedule 4 activity is <u>not</u> reported on Statement B. Only Schedule 4 receivable amounts are shown on Statement A, column IV.

Schedule 1 is intended to represent total general operation activities (both means of financing and expenditure activities authorized in the general and auxiliary appropriations acts) on a legal budgetary basis.

Schedule 1 is a "lead" schedule produced through ISIS. It will be made available to those agencies with expenditures and/or revenues on ISIS. DO NOT RETYPE THIS LEAD SCHEDULE. No adjustments should be made unless the adjustments are greater than those established using the factors shown on the cover letter. Adjustments to this schedule may include additions to the accrual columns. Should you have received goods and/or services on or before June 30, 2003, and liquidated these invoices from your fiscal year 2004 appropriations, this amount will not be reflected on your "lead" schedule. Material amounts of such payments may be reflected as an adjustment in Column IV. Material additions to accounts receivable would also be reflected as an agency adjustment in Section A of Column IV. Remember, if you chose to retype your schedule, please return your pencil changes to this office with your packet.

The following is the method used in preparing the "lead" schedule and the instructions for those agencies not on ISIS:

1. In Column I indicate

A. Revenues - Total actual year-to-date receipts by Means of Financing (exception GF and IEB indicate total warrants drawn) from June 30, 2003, Appropriation Report. This should equal Column V of Schedule 3 plus any non revenue activity such as T100, T110, T120, T130, T150, T170, T180, T190, T195, T210, T220, T300, T310, T340, T350, T360, T370 and T375, if applicable. NOTE: T200 should not be included on Schedule 1. NOTE: These increases due to unclassified cash will equal the total of the revenue accounts shown on ISIS Run 5G25.

NOTE: Agencies not on central cash management, who by law or statute carried forward funds into fiscal year 2002-03, should include these amounts in column I.

B. Expenditures - Total actual year-to-date cash disbursements by programs from June 30, 2003, Appropriation Report (2G15), by program. NON-ISIS agencies may obtain information from agency financial records. NON-ISIS agencies will show gross salaries (including payroll deductions payable) in Column I and unliquidated accrued employee benefits at 6/30/03 in Column III.

NOTE: For ISIS agencies, Column I expenditures are adjusted by system accounts payable, debit memos, and returns of appropriation.

2. In Column II indicate

A. Revenues - no information need be reported on these lines unless receipts classified to 2002-03 were recognized in error as revenue in the 2001-02 statement. (Note: This does <u>not</u> include Title 18 and 19 or ineligible patient fees for DHH.)

Page 8

SECTION: Instructions for Preparation of Annual Fiscal Report Page 9
UNIT TYPE: All Non-ISIS State Agencies, Elected Officials, ORM, OGB

PROCEDURES: Schedule 1 (Continued)

B. Expenditures - indicate those payments for goods and services received or rendered on or before June 30, 2002, and liquidated with fiscal year 2002-03 appropriation. ISIS Report 4G03 lists those documents you submitted with a June 30, 2002, or earlier delivery date and liquidated as a fiscal year 2002-03 payment. No adjustment should be made for inaccuracies unless the error is *greater than those established using the sliding scale materiality factors shown on the cover letter*. NON-ISIS agencies may obtain information from agency financial records.

3. In Column III indicate

- A. Revenues Total receivables on a legal budgetary basis by Means of Financing.
 - (1) General Fund and IEB receivables should equal the actual prior year warrants drawn and/or reversed between July 1 and August 14, 2003.
 - (2) Means of Financing receivables (lines 4 through 10) should equal Column VI on Schedule 3 plus any actual or accrued transfer activity (i.e. T110, T100, T130, T120, T180) received or disbursed between 07/01/03 and 08/14/03. (Exception: for DHH agencies <u>DO NOT</u> include Title 18/19 accruals on Schedule 1.)
- B. Expenditures Total accrued liabilities by program may be derived by calculating all expenditures (account type 22) that were recorded during the thirteenth period. This would include system vouchers payable, debit memos, or returns of appropriation. NON-ISIS agencies will obtain information from agency financial records. Column III should represent total unliquidated bona fide obligations for goods and services received or rendered on or before 6/30/03. NOTE: ISIS Agencies: Should your June 30, 2003, Agency Trial Balance (2G01) reflect a balance for 6335, Vouchers Payable, you may obtain the breakdown by program from run 1G07B, Unscheduled Payment Turnaround Report at 6/30/03 and 1G26B EFT Unscheduled Turnaround Report at 6/30/03. Should you have credit memos, increase the appropriate program in Column I and decrease the respective amounts in Column III for the amount of the credit memo. Should you have payables, decrease the appropriate program in Column I and increase the respective amounts in Column III. The ISIS report will show accounts payable without a sign. Debit memos will have a negative (-) sign beside the number.
- 4. Agencies on ISIS would record accrual adjustments to system information in Column IV. Remember, you should include all payables which were not liquidated in the 45 day close period with the prior year appropriations, however, you should not include future scheduled lease payments which are shown in Note M. Maintain a detailed list of these payables to back up the amount shown on Schedule 1.
- 5. In Column V indicate the total of Column I, minus Column II, plus Column III, and plus or minus Column IV.
- 6. In Column VI indicate the revised appropriation amount which should agree to the Appropriation Report by Agency as of August 14, 2003, or the latest approved BA-7.
- 7. Column VII "Variance" is the net result of Column VI minus Column V. NOTE: If Column VI is greater than Column V, the variance would be unfavorable for appropriated revenue and favorable for appropriated expenditures. If Column VI is less than Column V, the opposite would be the case.

SECTION: Instructions for Preparation of Annual Fiscal Report Page 10 UNIT TYPE All Non-ISIS State Agencies, Elected Officials, ORM, OGB

PROCEDURES: Schedules 6, and 6-1

Schedule 6 is necessary only if the unit has non appropriated operational activities not covered in Columns I, II, or III of Statement A. (i.e. Chapel funds, Inmate Welfare funds, etc). Due to the possible diversity of activity type, a free format is provided. <u>Be sure that the "Fund Balances at beginning of year" equals the "Fund Balance at end of year" on the prior year's report.</u>

Schedule 6-1 is necessary for the Escrow Fund, which will be shown on the full accrual basis. This fund will show receivables and payables that occurred during the 45-day close plus those amounts attributed to prior year activity and not classified to the system. For this schedule, as it is full accrual, the 45 day rule does not apply. The "Balance at the beginning of year" should be the amount of the carryover to the 2002-2003 year. (It also should be the ending fund balance in the prior year. If it is not the same amount, please make a notation.) A credit to revenue is an addition/receivable and a debit to a revenue is a deduction/payable. If your agency uses an expenditure organization, then expenditures are shown as a deduction/payable. The amounts for the fiscal year 2003 must equal the 2G00, Organization Responsibility Report. The amounts used during the 45-day close must equal the 2G00 plus off system accruals.

Note: As all SAP agencies have the payroll clearing subfund, K98, it will no longer be necessary, or possible, for agencies to complete a 6-1 for payroll clearing accounts.

SECTION: Instructions for Preparation of Annual Fiscal Report
UNIT TYPE: All Non-ISIS State Agencies, Elected Officials, ORM, OGB

PROCEDURES: Statement B

Statement B is a recapitulation of all operational fund type activities (i.e. Appropriated and Non Appropriated Other funds) on a modified accrual basis. Information on this statement which departs from that of the legal basis reflected on Schedule 1 (i.e., Payroll Accrual, See Note R) must be fully disclosed in the notes to the financial statement.

Note: Should you have made <u>material</u> agency off system adjustments on Schedules 1 and 3, these additional accruals would be reflected on Statement B and would be in addition to the information shown below.

Statement B is a "lead" statement produced through ISIS. If modifications are needed, please pencil in the changes and return them to this office. DO NOT RETYPE THIS LEAD STATEMENT.

A. Column I

- Section A indicate total revenues by each appropriated fund source for appropriated activities. This should be equivalent to Schedule 3 Column VIII lines A, B, C, D, and E plus Schedule 1 Column V Section A lines 2 and 3 if the legal basis is equivalent to modified accrual. If a federal receivable was established in FY '02 and/or FY '03, post from line 12 of Note R.
- 2. Section B indicate total expenditures, by program, for General Appropriation activities. This should be equivalent to Schedule 1 Column V Section B if the legal basis is equivalent to the modified accrual basis. The required personal services accrual is obtained from line 8 of Note R. Note: The total from Note R will have to be reported separately by program for Statement B.
- 3. Section C

line 13A - indicate appropriated inter/intra fund transfers (i.e. T100, T120, T180) received and to be received, which occurred during the period July 1, 2002 - August 14, 2003 for fiscal year 2002-03. Should equal the total of all <u>transfers in</u> on Appropriation Report at 8/14/03.

line 13B - indicate appropriated inter/intra fund transfers (i.e. T110, T130, T180) remitted and to be remitted, which occurred during the period July 1, 2002 - August 14, 2003 for fiscal year 2002-03. Should equal the total of all <u>transfers out</u> on Appropriation Report at 8/14/03.

4. Line 17 - indicate beginning fund balance at July 1, 2002 ('02 Statement B Line H).

NOTE: Should your agency have agreed upon a requested audit adjustment for the prior year by the Legislative Auditor which resulted in an ending fund balance different from the AFR returned to you, use that ending fund balance in place of the one shown on your 2002 Statement B.

5. Line 18 - indicate the net increase/decrease of reported inventory between June 30, 2002, and June 30, 2003.

Page 11

SECTION: Instructions for Preparation of Annual Fiscal Report Page 12 UNIT TYPE: All Non-ISIS State Agencies, Elected Officials, ORM, OGB

PROCEDURES: Statement B (Continued)

NOTE: Both general and ancillary inventory increase/decrease should be reflected.

- 6. Line 19 indicate total adjustments to prior year beginning fund balance. This should be equivalent to Schedule 5 Column III line 9 unless legal basis is not modified accrual.
- 7. Line 20 indicate the net result of lines 16, 17, 18, and 19. Must agree to Statement A line 42.
- B. In Column II indicate any material agency off system adjustments coming from Schedule 1 and 3.
- C. In Column III, add Columns I and II for the Restated Amounts. This <u>must</u> be completed even if you have no adjustments in Column II.
- D. Column IV, Section D

line 14 - indicate total revenues for the fiscal period of the non appropriated other fund activities from Schedule 6.

line 14A - indicate total expenditures/transfers from Schedule 6.

line 15 - indicate difference between line 14 and 14A.

line 17 - indicate beginning fund balance. Should equal the ending fund balance as shown on the 2002 Statement B, Column III, line 20.

line 20 - total of line 15 plus lines 17, 18, and 19.

E. Column V indicate the sum of Columns III and IV.

PROCEDURES: Statement A

Statement A is a recapitulation of all fund type real account activities on a GAAP basis. Information on this statement which departs from that of a legal budgetary basis must be fully disclosed in the notes to the financial statement.

Note: Should you have made <u>material</u> agency off system adjustments on Schedules 1 and 3, these additional accruals would be reflected on Statement A and would be in addition to the information shown below.

Statement A is a "lead" statement generated from ISIS. <u>DO NOT RETYPE THIS LEAD STATEMENT</u>. If modifications are needed, make the changes on the original in the adjustment column.

- A. In Column I indicate the following:
 - 1. Section A Assets

Line #:

- Cash in State Treasury Means of Financing from the June 30, 2003, Agency Trial Balance (2G01) cash totals excluding 6005-General Fund and 6000-Disbursement Cash Account plus the amounts reflected in Schedule 3 Column IV for each means of financing.
- Cash in State Treasury ISIS Operating from the June 30, 2003, Agency Trial Balance (2G01) 6000 Cash Disbursement Account. **Not applicable to NON-ISIS agencies**. Should your agency have had <u>unclassified</u> returns of appropriation (ROAs) at June 30, the automated Schedule 1 has already reduced your expenditures for this amount. The offset is cash which will require a manual adjustment by the agency. Look at 5G25. Should the operating accounts have balances on this form, that total must be <u>added</u> to the Treasurer's Period Ending Balance and that total recorded on line 2.
- Cash in State Treasury Payroll Clearing Not applicable to Column I or NON-ISIS agencies.
- Cash in Bank Account(s) indicate total <u>reconciled</u> balance amounts on deposit with banks (other than State Treasurer). Indicate in Note C amount by type of cash or cash equivalent.
- 5 Petty Cash Indicate total amount of cash on hand in the unit.
- Investments Indicate total investments at 6/30. NOTE: If these investments are held <u>outside the State Treasury</u>, complete Note C, part 2.
- 6 Receivables see lines 7 through 17
- Due from State General Fund Indicate the total prior year warrants drawn and/or reversed from July 1, 2003 through August 14, 2003. This amount should agree with accounts receivable shown on Schedule 1 Column III line 2 for General Fund if legal basis equals modified accrual.
- Due from Interim Emergency Fund Indicate the total prior year warrants drawn and/or reversed during July 1, 2003 through August 14, 2003 which should agree with accounts receivable shown on Schedule 1 Column III line 3 for IEB.

SECTION: Instructions for Preparation of Annual Fiscal Report UNIT TYPE: All Non-ISIS State Agencies, Elected Officials, ORM, OGB

PROCEDURES: Statement A (Continued)

Line #:

Due from Federal government - Indicate the total amount of current operational federal receivables as of 06/30/03. Should equal to accounts receivable on Schedule 3 line A Column VI, if legal basis is equal to modified accrual. Additionally, if a federal receivable is established due to the payroll accrual line 4, Column II of Note R it should be added to the aforementioned totals.

Page 14

- Due from self generated revenue sources Indicate the total amount of current operational receivables as of June 30, 2003. This total should equal the accounts receivable on Schedule 3 line B, Column VI, if legal basis is equal to modified accrual.
- Due from other agencies Indicate the total amount of current interagency receivables as of June 30, 2003. This should equal IAT accounts receivable on Schedule 3 line C Column VI if legal basis equals modified accrual.
- Due from Auxiliary Self Generated Revenue Indicate the total amount of operational auxiliary receivables as of June 30, 2003. This should equal accounts receivable on Schedule 3, line D column VI if legal basis equals modified accrual.
- Due from Inter/intra fund transfers Indicate inter/intra fund transfers (i.e. T100, T120, T180) received between 07/01/03 and 08/14/03.
- Other Indicate the total amount of non operational receivables (i.e. travel advances, retiree's insurance, petty cash advances) as of June 30, 2003.
- 15 See lines 16 and 17.
- 16,17 Due from Other Funds Indicate the total amount of other fund resources receivable (i.e. Conservation Fund) as of June 30, 2003. This should equal Schedule 3 line E Column VI.
- 18 Prepaid expenses reflect disbursements made for benefits not yet received.
- 19 Advances asset account used to reflect portion of loan made to another unit.
- 20 Inventory of Materials and Supplies Indicate the total dollar amount of materials and supplies on hand at 06/30/03. This would include postage.
- Other Assets fully describe on the bottom of the page.
- 22 Total Assets total lines 1 21

2. Section B Liabilities

Line #:

- Accounts Payable Report the total of the open accounts payable less payroll payable as shown on Schedule 1 Column III.
- Payroll Payable accrued payroll for June 30 (see line 3 Column II of Note R). Note: If there is an accrual for payroll or related benefits on Schedule 1, it should be included with the payroll payable on Statement A, not with accounts payable.
- Payroll deductions payable indicate amounts withheld for FY 2003 and not yet disbursed. Not applicable to ISIS agencies.

SECTION: Instructions for Preparation of Annual Fiscal Report Page 15
UNIT TYPE: All Non-ISIS State Agencies, Elected Officials, ORM, OGB

PROCEDURES: Statement A (Continued)

- Advance payable to the State Treasurer enter the amount of permanent Imprest Fund advance payable to the State Treasurer.
- Advance payable to General Fund enter the amount of working capital advances and/or seeds payable to the State Treasurer.
- 29 Income Not Available Due State Treasury not applicable for Column I.
- 30 Major State Revenue not applicable for Column I.
- Due to Other Funds Indicate those resources which are payable/due to another funding source (i.e. Conservation and other dedicated fund sources) other than General Fund.
- Due to Federal Government Indicate those resources which are payable to federal government.
- Inter/Intra Fund Transfers Transfers <u>disbursed</u> between 7/01/03 and 8/14/03 (i.e., T110, T130, T180).
- Deferred Revenue Indicate those receipts received but not yet earned as of June 30, 2003, (federal money, for example). <u>Use the materiality guidelines as indicated on page 2 of the memorandum.</u>
- Other liabilities indicate the total amount of non-operational payables other than Advances Payable to STO, Advances to General Fund as of June 30, 2003.
- 36 Total liabilities total lines 23-35

3. Section C Fund Equity

Line #:

- 37 See lines 38, 39, 40, and 41.
- 38 Reserved for Inventory of materials and supplies contra to line 20.
- Reserved for Auxiliary Funds indicate those resources the unit is legally entitled to retain to finance auxiliary balances.
- 40 Reserved for continuing operations Indicate those resources the unit is legally entitled to finance future operations. This should equal the T190 carryover shown on the 8/14 Appropriation Report for the new fiscal year if the carryover procedures were completed prior to 8/14.
- 41 Unreserved/Undesignated indicate residual fund resources
- Total Fund Equity sum of lines 38-41.
- Total Liabilities and Fund Equity sum of lines 36 and 42.

B. Column II:

Section A-Assets

lines 9-21 - Any material agency adjustments taken on Schedules 1 and 3.

2. Section B-Liabilities

lines 23-35 - Any material adjustments taken on Schedule 1.

3. Section C - Fund Equity

SECTION: Instructions for Preparation of Annual Fiscal Report
UNIT TYPE: All Non-ISIS State Agencies, Elected Officials, ORM, OGB

PROCEDURES: Schedule 13

Schedule 13 is a recapitulation of the total Interagency Receipts reported on Schedule 3, as of August 14, 2003.

- 1. In Column I, list the ISIS Agency Number, if applicable, of where the revenue came from (*Not* the agency number of the preparer. If you do not know the agency number leave blank.)
- 2. In Column II, list the name of the agency, college, internal service fund, etc. that provided the revenue.
- 3. In Column III, enter the amount received from each source at June 30, 2003.
- 4. In Column IV, enter the amount of unclassified cash for each source at June 30, 2003.
- 5. In Column V, enter the amount of accounts receivable for each source received during the 45 day close.
- 6. In Column VI, enter the total revenue received from each source and this should equal the sum of columns III, IV, and V.

Page 17

^{***}Schedule 13 totals must equal Schedule 3, Line C, Columns III, IV, VI, and VIII totals.***

SECTION: Instructions for Preparation of Annual Fiscal Report Page 18

UNIT TYPE: All Non-ISIS State Agencies, Elected Officials, ORM, OGB

PROCEDURES: Schedule 14

Schedule 14 is for the GASB 34 revenue accruals by funding source, organization number, and object.

Revenues under the modified accrual basis are recognized when they become measurable and available and are consequently reflected on Statements 1, 3, 3-1, and 4, for example. Under GASB 34, we must <u>also</u> reflect those revenues which have become measurable regardless of availability. Show on Schedule 14 the gross revenues you have <u>Earned</u> which are not reflected on any of the aforementioned schedules. Then, list the allowance for uncollectibles by funding sources.

In the last section list, by source, the amounts included but not expected to be collected in one year.

SECTION: Instructions for Preparation of Annual Fiscal Report Page 19

UNIT TYPE: All State Agencies
PROCEDURES: Agency Check Points

All agencies must complete the following check points and include in their packet. It is an excellent aid in reconciling your report.

1. Because Schedule 5 is a "Prior Year Appropriation Disposition Report", the total of that schedule should equal your ending fund balance for fiscal year 2002 with the following additions/deletions:

Total Adjustments to Prior Year from FY '02 Schedule 5 with arithmetic sign reversed \$ XXX

Add:		
FY '02 cash basis accrual (from line 8, Column II of FY '03 AFR,		
Schedule 5)	\$ XX	
FY '02 Ending inventory (from FY '02 AFR)	XX	
T190 carryover(s) (from 6/30/03 Appropriation Report)	XX	
FY '02 Federal receivable for payroll (from FY '02 Note R, Column 2, line 4)	_XX	XX
Less:		
FY '02 Payroll accrual (from FY '02 Note R, Column 2, line 3)	XX	
FY '02 Expenditure adjustment, 4G03 for 2002-03	XX	X
Add or subtract depending on sign		
FY '02 audit adjustments shown on line 5 of 2002-03 AFR, Schedule 5	_XX	
FY '02 Ending Fund Balance (will equal Line H on Statement B for 2002	2 AFR)	\$ <u>XXX</u>

2. To reconcile the Excess (deficiency) of appropriated revenues over appropriated expenditures of Column V, Schedule 1) to the FY '03 ending fund balance, the following steps may be used:

Schedule 1, Column V-Excess(Deficiency) of appropriated Rev. over Exp.

Add: FY '03 Ending inventory FY '03 Federal receivable for payroll (from FY '03 Note R, Column II, line 4)	\$ XX <u>XX</u> XX	
Less:	701	
FY '03 Payroll accrual (from FY '03 Note R, line 7)	XX	
FY '03 Working capital advance (seed)	XX	
FY '03 Expenditure adjustment, Schedule 1 column II	<u>XX</u>	
FY '03 Ending Fund Balance	\$ <u>XXX</u>	

\$ XXX

SECTION: Instructions for Preparation of Annual Fiscal Report UNIT TYPE: All Non-ISIS State Agencies, Elected Officials, ORM, OGB

PROCEDURES: Notes

Note B - This amount must agree with the amount reported on Line 27 of Statement A. The amount must also agree with the amounts shown by the State Treasurer.

- Note C Deposits and Investments The purpose of this note is to disclose the related risk attached to deposits and investments held for the state by financial institutions.
 - 1. Deposits with Financial Institutions this note includes only cash and investments <u>not</u> in the State Treasury. All others are reported separately by the State Treasury. <u>Cash and cash equivalents include only those amounts on deposit in financial institutions and do not include cash on hand or petty cash maintained at your agency.</u> The total reported amount must agree with Line 4 of Statement A, Column VII.

Reported amount on Balance Sheet - The total of cash, Certificates of Deposit, and Other must equal Statement A, line 4 column VII, which should be your reconciled bank balances at June 30. The amounts reported in the bank balances section should be the ending balance on your June 30 bank statement. Unless the account you are reporting has little or no activity, the reported amount on the Balance Sheet total and the bank balances total will NOT be the same.

2. Investments - total reported amount of investments must agree with Line 5A of Statement A, column VII. For those investments meeting GASB 31 reporting requirements this must be fair value.

If you are reporting investments held outside the State Treasury, you must provide the additional disclosures as requested in Section 3 of this Note.

- Note F Total amount of seed(s) must equal line 28 of Statement A, column VII as well as agree with the records of the State Treasurer. (Must agree with revenue source T220 on the 2G01 report.)
- Note G Deferred Revenues will be mainly from Department of Health and Hospitals, Department of Social Services, and Education. This represents the Federal revenue that was received during the fiscal year and not earned.
- Note J Leave balances, both annual and compensatory, **will be mailed to you from OSRAP** if your agency is an elected official.
- Note M Sections 1 and 2 of this note apply only to those arrangements in which the agency is the lessee. Revenue leases, those leases where the agency is the lessor, are to be reported on this note in Sections 3 and 4. Do not include intra agency leases.
- Note Q In-kind contributions are often the result of match for a grant. An example would be the loan of office space by a local government to satisfy a match requirement on a federal grant.

Page 20

SECTION: Instructions for Preparation of Annual Fiscal Report Page 21 UNIT TYPE: All Non-ISIS State Agencies, Elected Officials, ORM, OGB

PROCEDURES: Notes

Note R - The totals for this note can be found on the HR Report ZF75, SI Payroll Posting Report (which will be provided by OSRAP to the agencies). Column I must agree with Note R from FY '02. This note impacts Schedule 1, Statement A and Statement B, and possibly Schedules 3 and 3-1. **The information will be sent to you from OSRAP.** Remember to list all payroll accruals by program. Regardless of payroll accrual amounts, all sections of this note must be completed.

Note T - Any agency that experienced a fund deficit in a program or in total must list and explain the circumstances in this note. Program deficit(s) reported here must agree with that shown on Statement B

Note U - The totals on this note must agree with line 40 on Statement A column VII. If carryover procedures were completed prior to August 14, this amount will agree with T190 carryover on your August 14 Appropriation Report (for ISIS agencies only).

Note X – Provide only the ending balance of cooperative endeavors by funding source.

Note Z- You must include any activities that occurred after June 30 that impact your agency and are not already reflected in the financial statements. This will include activities that may impact any following fiscal year's operations.

Annually the State of Louisiana issues a comprehensive annual financial report which includes the activity contained in the accompanying financial statements. The comprehensive annual financial report is audited by the Louisiana Legislative Auditor.

FUND ACCOUNTING

General Operating Appropriations

The General Operations Fund is used to account for all general and auxiliary fund appropriated operating expenditures and minor capital acquisitions. All appropriated general and auxiliary operations revenue is accounted for in this fund.

Non-Appropriated Funds (describe each Non-Appropriated Fund)

Major State Revenues and Income Not Available - The agency collects major state revenues that are remitted to the State Treasury for deposit to statutorily dedicated funds. In addition, the agency collects funds specifically identified by the Division of Administration - Budget Office as Income Not Available that are remitted to the State Treasury. These amounts are not available to the agency for expenditure and are, therefore, not included on Statement B but are detailed on Schedule 4.

<u>Payroll Clearing Fund</u> - The Payroll Clearing Fund is used to account for payroll deductions and accrued benefits.

The non-appropriated funds relating to Major State Revenues, Income Not Available and Payroll Clearing are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations.

For purpose of this statement presentation, collections in excess of Appropriated Means of Financing are <u>not</u> considered income not available and therefore are included on

	Statement B.
2.	BASIS OF ACCOUNTING
	Basis of accounting refers to when revenues and expenditures are recognized and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.
	The accounts of the are maintained in accordance with applicable statutory provisions and the regulations of the Division of Administration - Office of Statewide Reporting and Accounting Policy as follows:
	Revenues - State General Fund and Interim Emergency Board appropriations are recognized as the net amount warranted during the fiscal year including the 45 day close period.
	Fees and self-generated revenues, interagency transfers, federal funds, intrafund revenues, non-appropriated revenues, and other financing sources (with the exception of agency funds) are recognized in the amounts earned, to the extent that they are both measurable and available. (Describe other basis of revenue recognition which differs from this.)
	<u>Expenditures</u> - Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred, except that obligations of employees' vested annual and sick leave are recorded as expenditures when paid. (List any other exceptions.)
<u>IMI</u>	PREST FUNDS
1.	ISIS AGENCIES
	The agency maintains a permanent Travel and Petty Cash Imprest Fund in the amount of \$ as authorized by the Commissioner of Administration and advanced by the State Treasurer's Office in accordance with Title 39. The funds are permanently established and periodically replenished from agency operating funds when expenditure vouchers are presented.
2.	NON-ISIS AGENCIES
	The agency maintains a Petty Cash Fund in the amount of \$ as authorized by the Commissioner of Administration in accordance with Title 39 of the Louisiana Revised Statutes. The fund is established at the beginning of the fiscal year from the agency's regular operating appropriation and is closed at the end of the fiscal year. The fund is periodically replenished from agency operating appropriation when expenditure vouchers are presented during the fiscal year. The established base amount is considered an internal agency fund; however, the requirement for repayment of the fund to the operating appropriation at the end of the fiscal year eliminates the need for the fund to be reported in these financial statements.

	1.	DEPOSITS WITH FINANCIAL INSTITUTIONS
		For reporting purposes, deposits with financial institutions include savings, demand deposits, time deposits, and certificates of deposit. Under state law the agency may deposit funds with a fiscal agent bank selected and designated by the Interim Emergency Board. Further, the agency may invest in time certificates of deposit in state banks organized under the laws of Louisiana, national banks having their principal office in the State of Louisiana, in savings accounts or shares of savings and loan associations and savings banks and in share accounts and share certificate accounts of federally or state chartered credit unions.
		As reflected on Statement A, the agency had deposits in bank accounts totaling \$ at June 30, Deposits in bank accounts are stated at cost, which approximates market. Under state law these deposits must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent. These pledged securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank in the form of safekeeping receipts held by the state treasurer. J. LEAVE

ANNUAL AND SICK LEAVE

Employees earn and accumulate annual and sick leave at various rates depending on their years of service. The amount of annual and sick leave that may be accumulated by each employee is unlimited. Upon termination, employees or their heirs are compensated for up to 300 hours of unused annual leave at the employee's hourly rate of pay at the time of termination. Upon retirement, unused annual leave in excess of 300 hours plus unused sick leave is used to compute retirement benefits. Act 343 of 1993 allows members of the Louisiana State Employees' Retirement System, upon application for retirement, the option of receiving an actuarially determined lump sum payment for annual and sick leave which would otherwise have been used to compute years of service for retirement. The liability for unused annual leave payable at June 30, ___, computed in accordance with the Codification of Governmental Accounting and Financial Reporting Standards Section C60.105, is estimated to be \$_____. The leave payable is not recorded in the accompanying financial statements.

NOTE: Should you have employees who upon retirement - or their heirs upon the employee's death - are compensated for up to 25 days of unused sick leave, you should include the dollar value of this leave in the annual leave shown above. Civil Service General Circular Number 001155 states that classified employees belonging to the Teacher's Retirement System of Louisiana and to the Louisiana School Employee's Retirement System are not eligible for payment of unused sick leave upon retirement or death. L.R.S. 17:425 on the other hand provides for payment for up to 25 days of unused sick leave for members of these two systems. In Opinion Number 94-373, the Attorney General opined that the Civil Service Commission had jurisdiction over classified employees and therefore those members are not eligible for payment of unused sick leave. Because the Commission has no authority over unclassified employees, those members are eligible to receive such compensation.

2. <u>Compensatory Leave</u> (Use for Non-Exempt Employees)

Employees who are considered having non-exempt status according to the guidelines contained in the Fair Labor Standards Act may be paid for compensatory leave earned (K-time). Upon termination or transfer an employee will be paid for any time and one-half compensatory leave earned and may or may not be paid for any straight hour-for-hour compensatory leave earned. Compensation paid will be based on the employee's hourly rate of pay at termination or transfer. The liability for accrued payable compensatory leave at June 30, ___ computed in accordance with the Codification of Governmental Accounting and Financial Reporting Standards, Section C60.105 is estimated to be \$_____. The leave payable (is) (is not) recorded in the accompanying financial statements.

agency to provide certain continuing health care and life insurance benefits for its retired employees. Substantially all of the agency's employees become eligible for those benefits if they reach normal retirement age while working for the agency. Monthly premiums are paid jointly by the employees and the employer (from the agency appropriation) for both retirees' and active employees' benefits regardless of whether benefits are provided by Group Benefits or one of the HMOs authorized by Group Benefits. The agency recognizes the cost of providing benefits as an expenditure when paid during the year. For the year ended June 30, ____, the costs of retirees' benefits totaled \$______, while the number of retirees is ______. (As defined by the GASB Statement 12, dependents of a retiree should be counted as a single unit if the retiree is deceased and should not be counted if the retiree is alive.) The cost of retirees' benefits is net of participant's contribution.

Operating leases are all leases which do not meet the criteria of a capital lease. Operating leases are grouped by nature (i.e. office space, equipment, etc.) and the annual rental payments for the next five fiscal years are presented in the following schedule.

Rental expense for operating leases with scheduled rent increases is based on the relevant lease agreement except in those cases where a temporary rent reduction is used as an inducement to enter the lease. In those instances, rental expense is determined on either a straight-line or interest basis over the term of the lease, as required by GASB 13, and not in accordance with lease terms. The agency does (does not) have leases with scheduled rent increases due to temporary rent reductions used as an inducement to enter the lease. The resulting revenues/expenses are (are not) shown on the statement of operations. If not included on the statement of operations, attach a schedule listing all such leases.

2. <u>CAPITAL LEASES AND LEASE PURCHASES-Do not include leases on state office buildings financed through Louisiana Office Facilities</u>

Capital leases are defined as an arrangement in which <u>any one</u> of the following conditions apply (I) ownership transfers by the end of the lease, (2) the lease contains a bargain purchase option, (3) the lease term is 75% of the asset life or (4) the discounted minimum lease payments are 90% of the fair market value of the asset.

Schedule A should be used to report all capital leases (<u>including</u> new leases in effect as of 6/30/03. In schedule B, report only those <u>new</u> leases entered into during fiscal year 2002-2003. <u>Note</u>: <u>LEAF leases should not be shown in Schedule A or B</u>.

LESSOR DIRECT FINANCING LEASES

A lease is classified as a direct financing lease when (1) any one of the four capitalization criteria used to define a capital lease for the lessee is met and (2) both the following criteria are satisfied:

Collectibility of the minimum lease payments is reasonably predictable.

 No important uncertainties surround the amount of the unreimbursable costs yet to be incurred by the lessor under the lease.

LESSOR - Operating Lease

When a lease agreement does not satisfy at least one of the four criteria for reporting as a capital lease (common to both lessee and lessor accounting), and both of the criteria for a lessor (collectibility and no uncertain reimbursable costs), the lease is classified as an operating lease. In an operating lease, there is no simulated sale and the lessor

P. PASS-THROUGH GRANTS

Pass-through grants are grants and other forms of financial assistance received by governmental entities to be transferred to or spent, according to legal or contractual requirements, on behalf of secondary recipients, which may or may not be governmental entities or agencies. Pass-through grants are grants which meet any of the following criteria:

The government entity monitors secondary recipients for compliance with program requirements.

The governmental entity determines secondary recipients eligibility even if the grantor's eligibility criteria are used.

The governmental entity is able to determine how grant funds are to be allocated. The governmental entity has direct financial involvement in administration of the grant, such as financing part of the program costs for matching purposes or being liable for disallowed costs. This does not apply to incidental administrative costs.

Examples are 1) pharmacy items donated to a state hospital from a pharmaceutical company, 2) food items donated to a state prison from the U.S. Department of Agriculture, or 3) donated fixed assets, recorded at fair market value, and also recorded in general fixed assets. Do not include within the in-kind contribution funds contributed by local governments or nonprofit organizations to provide program matching shares.

R. PAYROLL AND RELATED BENEFITS ACCRUAL

Agencies will be required to reflect the 2002-2003 accrued personal services cost for this fiscal year on the accompanying financial statement. The following schedule will aid you in doing so. As most agency units pay their employees biweekly this would require a fiscal year 2001-02 accrual calculation based on five (5) days and the fiscal year 2002-03 calculation will be based on six (6) days. Agencies must also determine the federal match on this accrual calculation.

CC. LAND AND LAND IMPROVEMENTS (not reported to State Land Office or Facility Planning and Control)

Some agencies may acquire land or make land improvements that are not reported to the State Land Office or Facility Planning and Control. Land improvements are those betterments, improvements, and site preparations that ready land for its intended use. Some examples of land improvements would be excavation, filling, grading, demolition of existing buildings, and removal or relocation of other property (telephone or power lines). Other land improvements are built or installed to enhance or facilitate the use of the land for a particular purpose and may include walking paths and trails, fences and gates, landscaping, sprinkler systems, fountains, and beaches. Land and land improvements should be reported at cost, estimated cost, or estimated fair value at date of acquisition and should include all expenses necessary to obtain title such as legal fees.

Information for Note C "Deposits with Financial Institutions and Investments"

Purpose:

Note C provides the required disclosures about the governmental entities' deposits with financial institutions and investments. The disclosures required for deposits and investments as of the balance sheet date provides information about the credit risk and market risk of the deposits and investments and are designed to provide users of the financial statements information about the potential for losses associated with the deposits and investments.

 Comparison of amounts disclosed for GASB 3 requirements in Note C to amounts shown on the Balance Sheet:

Generally, the amounts of cash and investments on the balance sheet will not be classified exactly the

way they would be classified in Note C.

"Deposits with Financial Institutions" and "Investments" in Note C may be reported on the balance sheet using titles or line items that are different than those in Note C, or there may be combinations of titles or line items. For instance, "Deposits" in Note C may come from several line items on the balance sheet such as "Cash in Bank" and "CD's", or even "Investments" (See section II below that gives further guidance on what should be considered "Deposits" in note C).

Line items on the balance sheet may include amounts that would be deposits in Note C, and may also include amounts that would be investments in Note C. Also, cash and cash equivalents line items on the balance sheet may include amounts that are not deposited in bank accounts of the entity and therefore would not be reported in Note C at all, such as petty cash, cash on hand, and

treasury cash.

Each line item on the balance sheet that involves cash or investments, including any restricted cash and/or investments, needs to be analyzed to determine what is included in the item and how it

should be disclosed in Note C.

• There is not a requirement to provide a reconciliation between Note C disclosures and the amounts on the balance sheet, but preparing one could be useful. If a reconciliation is prepared, the total of the balance sheet cash, cash equivalents, and investments line items should equal the total of the deposits and investments in Note C (unless the balance sheet cash includes cash not deposited in bank accounts as mentioned above).

II. "Deposits with Financial Institutions" section of Note C:

Generally, this section of the GASB 3 disclosure, previously titled "Cash and Cash Equivalents", refers to the various examples of "Deposits With Financial Institutions" (See A. for examples). The term "cash and cash equivalents" is used in reference to GASB Statement 9 that affects presentation for the balance sheet and statement of cash flows, not the note disclosures required by GASB Statement 3. "Deposits with Financial Institutions" include deposit accounts in banks, savings and loan associations, and credit unions. They can be demand, savings, or time accounts, including negotiable order of withdrawal (NOW) accounts and non-negotiable CD's. As stated previously, deposits for GASB 3 disclosure may be a combination of balance sheet line items or titles.

Do not include treasury cash, petty cash not in a bank account, or cash on hand in Note C. If a reconciliation of Note C and the balance sheet is prepared as mentioned previously, these amounts would be reconciling items.

A. Examples and/or definitions:

Nonnegotiable Certificates of Deposit – Nonnegotiable CDs are time deposits that are placed by depositors directly with financial institutions and generally are subject to a penalty if redeemed before maturity. These are treated as deposits for GASB 3 Note disclosures. (Negotiable CDs are securities that are normally sold in \$1 million units that are traded in a secondary market. These are treated as investments for GASB 3 Note disclosures.)

2. <u>Money Market Accounts</u> – financial institution "money market" accounts are simply deposits that pay interest at a rate set to make the accounts competitive with money market mutual

- funds. They should be treated like any other deposit account for GASB 3 Note disclosures.
- 3. Bank Investment Contracts (BICs) A BIC is a general obligation instrument issued by a bank, typically to a pension plan, that provides for a guaranteed return on principal over a specified period . Since these are issued by a bank, they are treated as **deposits** for GASB 3 Note disclosures.

B. Other definitions as applied to deposits:

- Insured (Insurance) deposits are insured by federal deposit insurance (FDIC), state deposit insurance, multiple financial institution collateral pools that insure public deposits, and even commercial insurance (if scope of coverage would be substantially the same as FDIC).
- Collateral Security pledged by a financial institution to a government entity for its deposits.

III. "Investments" section of Note C:

Investments for GASB 3 requirements are either "categorized as to level of credit risk" or "not categorized", and are generally classified by whether they fit the definition of securities or not (see the definition of securities in section IV.C.).

- A. Types of investments that can be categorized as to level of risk & definitions/ examples: (In general, investments that fit the definition of securities are categorized in categories of risk.)
 - 1. Repurchase Agreements An agreement in which a governmental entity (buyer-lender) transfers cash to a broker-dealer or financial institution (seller-borrower); the broker-dealer or financial institution transfers securities to the entity and promises to repay the cash plus interest in exchange for a) the same securities, or for b) different securities.
 - 2. <u>U.S. Government Obligations</u> examples include treasury bills, treasury notes and treasury strips; obligations of certain U.S. Government Agencies such as FNMA, FHLB, or SLMA.
 - 3. Common & Preferred Stock a security that represents an ownership interest in an entity.
 - Commercial Paper An unsecured promissory note issued primarily by corporations for a specific amount and maturing on a specific day. Almost all commercial paper is rated as to credit risk by rating services.
 - 5. Corporate Bonds
 - 6. Other It is not appropriate to present material amounts of investments as "Other", unless the narrative of the note disclosure describes the composition of the "Other" category.
 - a. <u>Closed-end Mutual Fund</u> The investment company sells shares of its stock to investors and it invests on the shareholders' behalf in a diversified portfolio of securities. A closed-end mutual fund has a constant number of shares, the value depends on the market supply and demand for the shares rather than directly on the value of the portfolio, the fund does issue certificates, and the securities are traded on a stock exchange.
- B. Types of investments that cannot be categorized as to level of risk: (In general, investments that are not securities are not classified in categories of credit risk)
 - 1. Reverse Repurchase Agreements An agreement in which a broker-dealer or financial institution (buyer-lender) transfers cash to a governmental entity (seller-borrower); the entity transfers securities to the broker-dealer or financial institution and promises to repay the cash plus interest in exchange for a) the same securities, or for b) different securities.
 - Open-end Mutual Funds The investment company sells shares of its stock to investors and it invests on the shareholders' behalf in a diversified portfolio of securities. In contrast to a closed-end mutual fund, the open-end mutual fund creates new shares to meet investor demand, the value depends directly on the value of the portfolio, the fund does not issue certificates but sends out periodic statements showing account activity. These investments are not evidenced by securities that exist in physical or book entry form.
 - 3. <u>Investments in pools managed by another government</u> GASB 3 does not require the investment to be categorized as to level of risk, but it does not prohibit it either. Generally, these investments would not be categorized because they are not evidenced by securities that exist in physical or book entry form.

- 4. Private placements, such as venture capital and limited partnerships
- 5. Investments in real estate, annuity contracts, and direct investments in mortgages
- IV. Categories of Credit Risk for Deposits and Investments:

Deposits and investments are subject to several types of risks, mainly credit risk and market risk.

<u>Credit risk</u> - defined as the risk that a counterparty to an investment transaction will not fulfill its obligations and can be associated with the issuer of securities, with a financial institution holding deposits, or with a party holding investment or collateral securities.

Market risk - defined as the risk that the market value of investment securities, collateral securities

protecting a deposit, or securities of a repurchase agreement will decline.

- <u>Credit risk categories</u> concerned with custodial credit risk, which is the risk that a government will not be able (1) to recover deposits if the depository financial institution fails or (2) to recover the value of investment or collateral securities that are in the possession of an outside party if the counterparty to the investment or deposit transaction fails.
- A. Deposits are classified into three categories depending on whether they are insured or collateralized, and who holds the collateral and how the collateral is held.

<u>Collateral</u> – Securities pledged by the financial institution for the purpose of securing the governmental entity's deposits.

<u>Collateralized</u> – When the entity's deposits are secured with securities pledged by the financial institution holding the deposits.

- <u>Category 1</u> Deposits that are covered by insurance (FDIC) or collateralized with securities that are held by the entity in the entity's name or registered in the entity's name.
- <u>Category 2</u> Deposits that are not insured but are collateralized with securities that are held by the financial institution's trust department or agent and are in the entity's name.
- Category 3 Deposits that are not covered by insurance and also are not collateralized. Not collateralized includes when the securities are held by the financial institution's trust department or agent and they are not in the entity's name.
- B. Investments are classified into three categories depending on whether they are insured or registered, and who holds the securities and how they are held.

<u>Category 1</u> – Investments that are insured (SIPC) or registered in the entity's name, or securities held by the entity or agent in the entity's name.

<u>Category 2</u> – Investments that are not insured or registered, and the securities are held by the counterparty's trust department or agent in the entity's name.

<u>Category 3</u> – Investments that are not insured or registered, and the securities are held by the counterparty or it's trust department or agent not in the entity's name.

- C. Securities as applied to the credit risk categories:

 Securities a transferable financial instrument that evidences ownership or creditorship. Securities can be in either paper or book-entry form.
 - Examples of securities that are often held by or pledged to (as collateral) governmental entities include:
 - a. treasury bills, treasury notes, treasury bonds
 - b. federal agency obligations
 - c. corporate debt instruments (including commercial paper)
 - d. corporate equity instruments
 - e. negotiable CD's (keyword here is negotiable)
 - f. bankers' acceptances
 - g. shares of closed-end mutual funds (keyword here is closed-end)
 - h. shares of unit investment trusts
 - 2. Instruments or investments that are <u>not</u> securities include: (These instruments or investments

would therefore not be categorized as to credit risk for GASB 3 disclosure requirements)

- a. investments made directly with another party (such as limited partnerships)
- b. real estate
- c. direct investments in mortgages and other loans
- d. investments in open-ended mutual funds (keyword here is open-ended)
- e. pools managed by other governments
- f. annuity contracts
